Applicant NORSAMELCO is a non-stock, non-profit electric cooperative duly organized and existing under and by virtue of the laws of the Philippines, with principal office at Barangay Magsaysay, Bobon, Northern Samar, Philippines, where it may be served with summons and other legal processes. NORSAMELCO is represented here by its Task Force Northern Samar Board President, JOEY L. TALON, who has been authorized by its Board of Directors

NATURE OF THE APPLICATION

6. This is a Joint Application for the approval of the Emergency Power Supply Agreement ("EPSA") entered into by and between NORSAMELCO and EDC dated November 10, 2022, being submitted to this Honorable Commission for its review and approval.

STATEMENT OF FACTS

7. NORSAMELCO is in immediate need of a 2MW contracted capacity for around one (1) year¹. To maintain an uninterrupted and reliable power supply due to a high level of supply deficit of at least 2MW, NORSAMELCO decided to source the needed power at affordable and cheaper generation rates to help minimize the exposure of its customer to the volatile Wholesale Electricity Spot Market (“WESM”) prices.

8. Pursuant to Department of Energy (“DOE”) Department Circular 2018-02-003, as amended by DC 2021-09-0030, NORSAMELCO is allowed to enter into a negotiated procurement of emergency electric power supply agreements with a generation company for a period not exceeding one (1) year, subject to such terms and conditions provided under Section 2.2.1.2 of DC 2021-09-0030.

9. NORSAMELCO wrote to the DOE requesting for the issuance of Certificate of Exemption for a negotiated procurement of 2MW emergency power supply from EDC. The Letter expressed NORSAMELCO’s urgent need for supply of electricity due to circumstances beyond the control of NORSAMELCO, and the limited time to conduct the said Competitive Selection Process (“CSP”).

10. On 31 August 2022, the DOE, in response to NORSAMELCO’s letter-request, issued Certificate of Exemption No. COE-CSP-2022-08-034, exempting it from the conduct of the CSP for the procurement of emergency electric power supply.

11. In view of NORSAMELCO’s supply deficit of at least 2MW for the period of 26 August 2022 to 25 August 2023, based on its Supply-Demand Scenario, and to protect its consumers from high electricity prices, NORSAMELCO solicited for emergency power supply for one (1) year.

12. In response to NORSAMELCO’s demand, EDC has offered to supply a portion of the emergency electric power supply requirements of NORSAMELCO at a rate equivalent to or lower than the ERC-approved generation tariff for the same or similar technology in comparable areas, and NORSAMELCO accepted the offer of EDC. Applicants executed the subject Emergency Power Supply Agreement (“EPSA”) for the supply of 2 MW emergency power supply to NORSAMELCO².

**ABSTRACT OF THE POWER SUPPLY AGREEMENT AND
RELATED INFORMATION**

13. Under the EPSA, EDC shall supply power to NORSAMELCO for the term of the Cooperation Period, or unless

¹ Under the EPSA, the term shall end on the last day of the Cooperation Period, which shall not be later than the date prescribed by the DOE in the Certificate of Exemption; both the EPSA and the Certificate of Exemption provide for the period of 26 August 2022 to 25 August 2023.

² NORSAMELCO and EDC executed a letter confirming that the Contracted Capacity for supply under DOE Certificate of Exemption No. COE-CSP-2023-08-031 is 2MW.

sooner terminated pursuant to the EPSA, with a Contracted Capacity of 2MW.³

- 13.1 Supply of Electricity – EDC shall make available to NORSAMELCO the Contracted Capacity from the Power Plant and/or Other Sources throughout the duration of the Cooperation Period, subject to Section 2.2.1 of the EPSA. The Parties agree that EDC shall have no obligation to supply more than the Contracted Capacity to NORSAMELCO. NORSAMELCO shall submit to EDC the week-ahead and day-ahead Daily Generation Schedule. NORSAMELCO shall purchase and EDC shall supply, for each Billing Month in accordance with Nomination and Dispatch Protocol.
- 13.2 Purchase of Electricity – NORSAMELCO is obliged to purchase the Minimum Contracted Energy throughout the duration of the Cooperation Period.
- 13.3 Start of Supply of Electricity – The supply of electricity by EDC and acceptance by NORSAMELCO shall start no later than Initial Delivery Date which shall mark the beginning of the Cooperation Period or such earlier date as the Parties may mutually agree upon in writing, and the satisfaction of the conditions precedent under Section 11 of the EPSA.
- 13.4 Electricity Fees – Electricity fees shall refer to 5.8798 PhP/kWh for the billing period August 26, 2022 to December 25, 2022. Beginning January 2023 billing period, the Electricity Fee shall be in accordance with the formula in Schedule 3, multiplied by (a) the Minimum Contracted Energy corresponding for the applicable billing period or (b) BCQ, whichever is higher. In relation to the supply of electricity, it is understood that any charges, costs, expenses, and fees that may be charged to, incurred and/or assumed by EDC or otherwise imposed by NGCP, any Governmental Authority or any third party, for transmission and/or Ancillary Services and other related services in connection with the delivery of electricity under the EPSA shall be paid by NORSAMELCO.

RATE IMPACT ANALYSIS

14. NORSAMELCO simulated a rate impact analysis which resulted in a PhP 1.3969/kWh decrease with the execution of the EPSA with EDC, as can be seen below:

	Weighted Average Rate (kWh)
NORSAMELCO rate:	11.7310

³ Unless otherwise defined herein, capitalized terms shall have the meaning ascribed to them in the EPSA.

	Weighted Average Rate (kWh)
