The pertinent allegations in the said *Joint Application* are hereunder quoted, as follows:

1. Applicant SAMELCO I is a non-stock, non-profit electric cooperative duly organized and existing under and by virtue of the laws of the Philippines, with principal office at Barangay Carayman, Calbayog City, Samar, Philippines, where it may be served with summons and other legal processes. 2. Applicant EDC is a generation company duly organized, incorporated and registered under and by virtue of the laws of the Philippines, with principal office at Rockwell Business Center Tower 3, Ortigas Avenue, Pasig City, represented in this instance by its Vice President, Marvin Kenneth S. Bailon, who has been authorized by its Board of Directors to file the Joint Application as evidenced by the Secretary's Certificate dated October 13, 2022, attached hereto as Annex "D-1".
 - 2.1 EDC, as a generation company, falls within the ambit of Sections 6 and 29 of Republic Act No. 9136 or the Electric Power Industry Reform Act of 2001 ("EPIRA").

3. Applicant SAMELCO I is the exclusive franchise holder to own and operate a system for the distribution of electricity in the City of Calbayog and Municipalities of Gandara, Matuguinao, San Jorge, Sta. Margarita, Tarangnan, Pagsanghan, Sto. Nino, Almagro, Tagapul-an, all in the Province of Samar.
4. Applicant EDC owns and operates the approximately 592.33 MW Unified Leyte Geothermal Power Plant located in the Ormoc City and Kananga, Leyte ("Plant").
5. The Joint Applicants may be served with the orders, notices, and other processes of the Honorable Commission through their respective undersigned counsels at the addresses indicated herein.

NATURE OF THE APPLICATION

6. This is a Joint Application for approval of the Emergency Power Supply Agreement ("EPSA") entered into by and between SAMELCO I and EDC dated November 7, 2022, being submitted to the Honorable Commission for its review and approval).

STATEMENT OF FACTS

7. SAMELCO I is in immediate need of 1MW contracted capacity for around one (1) month and 2 MW contracted capacity for the

succeeding eleven (11) months¹. To maintain an uninterrupted and reliable power supply due to a high level of supply deficit of at least 1MW for one month and 2MW for the succeeding 11 months, SAMELCO I decided to source the needed power at affordable and cheaper generation rates to help minimize the exposure to the volatile Wholesale Electricity Spot Market (“WESM”) prices.

8. Pursuant to Department of Energy (“DOE”) Department Circular 2018-02-003, as amended by DC 2021-09-0030, SAMELCO I is allowed to enter into a negotiated procurement of emergency electric power supply agreements with a generation company for a period not exceeding one (1) year, subject to such terms and conditions provided under Section 2.2.1.2 of DC 2021-09-0030.
9. SAMELCO I wrote to the DOE requesting for the issuance of Certificate of Exemption for a negotiated procurement of initially 1 MW and then eventual 2MW emergency power supply from EDC. The Letter expressed SAMELCO I’s urgent need for supply of electricity due to circumstances beyond the control of SAMELCO I, and the limited time to conduct the said Competitive Selection Process (“CSP”).
10. On 9 September 2022, DOE issued Certificate of Exemption No. COE-CSP-2022-08-042 in response to SAMELCO I’s letter-request exempting it from the conduct of CSP for the procurement of emergency electric power supply.
11. In view of SAMELCO I’s supply deficit of at least 1MW for the period of 26 August 2022 to 25 September 2022 and 2MW for the period of 26 September 2022 to 25 August 2023, based on its Supply-Demand Scenario, and to protect its consumers from high electricity prices, SAMELCO I solicited for emergency power supply for one (1) year.
12. In response to SAMELCO I’s demand, EDC has offered to supply a portion of the emergency electric power supply requirements of SAMELCO I at a rate equivalent to or lower than the ERC-approved generation tariff for the same or similar technology in comparable areas and SAMELCO I accepted the offer of EDC. Applicants executed the subject Emergency Power Supply Agreement (“EPSA”) for the supply of 1MW for one month and 2 MW for the succeeding 11 months emergency power supply to SAMELCO I.

**ABSTRACT OF THE POWER SUPPLY AGREEMENT AND
RELATED INFORMATION**

13. Under the EPSA, EDC shall supply power to SAMELCO I for the term of the Cooperation Period, or unless sooner terminated pursuant to the EPSA, with a Contracted Capacity of 1MW for the

SAMELCO I shall purchase and EDC shall supply, for each Billing Month in accordance with Nomination and Dispatch Protocol.
- 13.2 Purchase of Electricity – SAMELCO I is obliged to purchase the Minimum Contracted Energy throughout the duration of the Cooperation Period.
- 13.3 Start of Supply of Electricity – The supply of electricity by EDC and acceptance by SAMELCO I shall start no later than Initial Delivery Date which shall mark the beginning of the Cooperation Period or such earlier date as the Parties may mutually agree upon in writing, and the satisfaction of the conditions precedent under Section 11 of the EPSA.
- 13.4 Electricity Fees – Electricity fees shall refer to 5.8798 PhP/kWh for the billing period August 26, 2022 to December 25, 2022. Beginning January 2023 billing period, the Electricity Fee shall be in accordance with the formula in Schedule 3, multiplied by (a) the Minimum Contracted Energy corresponding for the applicable billing period or (b) BCQ, whichever is higher.
